---

Karen, can we get this mural draft added as an amendment to the meeting packet? If so, I can get this moving this summer.

Aaron-

We have talked about the mural previously. We have secured an artist that can do the work. I just want to make sure that we have your complete approval to begin the project. Attached is the artwork that Kevin Greenwood provided us with.

Are we approved to have this design be painted onto the barrel storage/making building?

Thanks  
Brett

Here is the sketch. Casey the muralist says he would be adding some details and refining the look as he went. It's called creative license and I'm all for it.
